

Step 2—

Make 2 strip units. Cut 36 segments 2-1/4" wide.

1. Join the 2-1/4" MEDIUM strips and the 4" LIGHT strips to make two strip units as shown. Press the seams toward the MEDIUM strips. The strip units should measure 7-1/2" wide (raw edge to raw edge) when sewn.

From these strip units, cut 36 segments 2-1/4" wide.

Make 2 strip units. Cut 18 segments 4" wide.

2. Join the 2-1/4" LIGHT strips and the 4" MEDIUM strips to make two strip units as shown. Press the seams toward the MEDIUM strips. The strip units should measure 7-1/2" wide (raw edge to raw edge) when sewn.

From these strip units, cut 18 segments 4" wide.
